

Thomley

Family welcome information

Thomley offers days for disabled visitors and their families to come and play, meet new people and find much-needed support.

Family days are on Saturdays, throughout the year and in the School holidays. Families can attend on any Thomley day, so long as children meet the age restrictions of that day.

You must book every visit before you come. To view all our upcoming activities and dates, visit the online calendar on our website:

www.thomley.org.uk

Thomley encourages families to invite friends and relatives too.

Play - Learn - Live

Before you come...

Prior to your first Thomley visit, we need you to fill out an enrolment form. This ensures we have all your details for health and safety reasons and can sign you up to our news. You are then able to make a booking. If you need to make a change to your booking, then please let us know as soon as possible.

On the day of your visit...

All set for your first visit? Please make sure you bring sun cream or your wellies (or both!) and of course spare clothes or any medication you may require. When you arrive, ring the buzzer on our gate, where a member of the team will come and let you in. We will sign you in, take your enrolment form and give you a tour of the site. There are lockers for you to leave your belongings in, and a Cafe if you would like to buy lunch here, although you are welcome to bring your own food.

How much is it going to cost?

As Thomley is a charity, we ask for a voluntary contribution towards your visit. We suggest a donation based on the age of the young person attending. There is no donation for parents or carers. If you would like a half an hour session in our sensory room, we ask for a further donation of £2 per user.
